

### Papermaking Studio - Virtual

Teaching Artist: Lisa Zirbel

Gather as many materials as you can beforehand. Day 1 will answer any questions about materials, describe how to assemble your equipment, and prep your supplies.

#### General Supplies

- A large table space!
- Water
- A few quart (or larger) containers
- Kitchen blender – instructor recommends finding one at the thrift store
- Sponge
- Rolling pin or large dowel
- Towels, wool blankets, cloth, pella, or other absorbent material
- Duct tape
- Wire cutters
- Scissors

#### Specific Supplies

- 2 wooden frame or 2 picture frames
  - Same size, everything removed – you should be left with just the frames
- Window screening – enough to cover one frame
  - aluminum NOT fiberglass
- Plastic storage tub or vat – to fit frames with room to spare

#### Optional

- Polyurethane
- Paintbrush
- Foam Weatherstrip Tape (usually for doors and windows)
- Staple gun and staples
- Paper shredder
- Hardware cloth (type of stiff mesh used for fencing, screen doors, etc.)
- Large plywood panel for drying
